**NOTICE OF PUBLIC COMMENT PERIOD AND OPPORTUNITY
FOR A PUBLIC HEARING REGARDING AN APPLICATION FOR A DRAFT
TIER I PERMIT TO OPERATE AN AIR POLLUTION-EMITTING FACILITY**

SUBJECT: Application No. T1-050103 for a Tier I operating permit for an air pollution-emitting facility and proposed action: TransCanada GTN System, Samuels, whose general nature of business is the operation of compressor stations that transmit natural gas from Canada to California along an underground pipeline system, has applied to renew their Tier I operating permit. Under a Tier I permit, no facility can increase emissions above those allowed in any current permit, consent order, or other enforceable document.

PURPOSE: The Idaho Department of Environmental Quality (DEQ) has scheduled a period to receive public comments under Docket No. 10AP-0601 concerning the air quality aspects of the project application and the proposed action.

AUTHORITY: In compliance with Section 58.01.01.364, Rules for the Control of Air Pollution in Idaho, notice is hereby given that TransCanada GTN System, Samuels, Idaho, has applied to the DEQ for a Tier I permit to operate an air pollution-emitting facility located at 237 Samuels Road, Samuels Idaho. Notice is also given that a period for public comment has been scheduled along with an opportunity for a public hearing.

PUBLIC HEARING OPPORTUNITY: Pursuant to Section 58.01.01.364, opportunity for a public hearing for interested persons to appear and submit written or oral comments may be provided if written requests are submitted to the undersigned on or before March 3, 2006. Hearing requests should include a brief statement explaining why a public hearing on the air quality aspects of the project would be beneficial.

The selected meeting site will be accessible to the physically disabled. Interpreters can be provided upon five days notice for persons with hearing impairments. For arrangements, contact the undersigned at (208) 373-0234. Braille or taped transcripts can be provided after the meeting for persons with visual impairments.

PROPOSED ACTION: The DEQ has reviewed the application and completed a draft Tier I operating permit based on the information submitted by the applicant.

Based on this analysis, the DEQ proposes to issue a draft Tier I operating permit to TransCanada GTN System. Following the public comment period (and public hearing if requested), the DEQ will evaluate comments received and develop a proposed permit. The proposed permit will be submitted to the Environmental Protection Agency (EPA) for a 45-day review period. The Tier I operating permit will either be issued to the facility or redrafted if the EPA provides substantive

comments that would result in an EPA veto of the proposed permit.

AVAILABILITY OF MATERIALS: A package containing the information submitted by the applicant, DEQ's analysis, and the draft action will be available for public review at the following locations:

DEQ State Office
1410 N. Hilton
Boise, Idaho

DEQ Regional Office
2110 Ironwood Parkway
Coeur d'Alene, Idaho

East Bonner County Library
1407 Cedar Street
Sandpoint, Idaho

SUBMISSION OF WRITTEN COMMENTS, ASSISTANCE ON TECHNICAL QUESTIONS:

Anyone may submit written comment regarding the project and proposed action. To be most effective, comments should address air quality considerations and include support materials where available. Comments, requests, and questions regarding the public comment process should be directed to Joan Lechtenberg, Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, joan.lechtenberg@deq.idaho.gov, or (208) 373-0234. Please reference the company name and docket number when sending comments or requesting information.

For technical assistance on questions concerning this project or the permitting process, please contact Bill Rogers at (208) 373-0502 or William.Rogers@deq.idaho.gov.

All written comment and data concerning this proposal must be directed to and received by the undersigned on or before 5:00 p.m. MST, March 3, 2006.

DATED this 9th day of February 2006.

Joan Lechtenberg
Air Quality Division
